7	The respondent does not speak the languages available to the General for Statistics	The head of household answered the call and (reported/found) his inability to speak the languages available to the General Statistics Authority				
8	The respondent refused to respond.	The head of household refused to respond.				
9	No one is qualified to answer	For example: The respondent is a child, or a person who says that the owner of the mobile phone is not present The individual answered the call and (reported/showed) that his age is less than 15 years The individual answered the call and is not able to understand the questionnaire (due to age or health issues)				
10	The respondent requests call again at another time	The head of household answered the call without answering any part of the form and requested a call back at another time and identified it (temporary and not a final result of the response)				
11	The respondent asks to complete the rest of the questions at another time.	The head of household answered the call, answered part of the form, requested a call back at another time and identified it (temporary, not a final result of the response).				
12	Non-resident	The head of household responded and stated that he was following international or diplomatic missions (written as a reason not to reside)				
13	There's no answer.	The phone is connected and the phone rings and there is no response - when the connection is executed no response is received (and is classified after completing the number of attempts at different times and days)				
14	Out of Scope (Foundation / Change of occupancy status)	The phone number belongs to an organization or company				
16	The Respondent disconnected	Head of household disconnected before completing the form - the head of household answered the call and disconnected without introductions before completing the form				
17	The Respondent is never available.	The head of household is not available for contact and is always busy - the head of household answered the call and explained that he was not available at all to fill out the form for the length of the data collection period				
18	Voice mail with or without leaving a message	When the connection was executed, the automated response was done through voice mail (with/without) leaving a message				
19	Miscellaneous/Diverse	The case was placed from the statistical phone without explanation.				

Labor Force Survey Questionnaire Q3/2022

20	Special technical observations	The case was placed from the statistical phone without explanation.		
21	Call transfer	Call converted - when the connection is executed it turns out that the phone number is converted to another number		
22	Connection failed (There is no dial tone)	When the connection is executed, there is no sound to the call request tone.		
23	Connection failed (The phone's always busy)	The number is always busy at all times of contact (and is classified after completing the number of attempts at different times and days)		
24	Connection failed (The phone number is incorrect)	The voice message from the company shows that the phone is incorrect - when executing the connection, it turns out that the phone number is incorrect (through the voice message of the telecommunications companies)		
25	Connection failed (The phone number disconnected)	The voice message from the telecommunications company shows the phone temporarily disconnected - when the connection is executed it turns out that the phone number (temporarily disconnected/disconnected), (through the voice message of the telecommunications companies)		
26	Connection failed (The phone's off)	The phone number is offline and closed, such as "the phone cannot be called now" - when the connection is executed, the phone number is turned off (through the voice message of the telecommunications companies "the requested phone cannot be contacted now") (classified after completing the number of attempts at different times and days)		
27	The phone number differed (the phone number does not belong to the respondent) and the address differed	I called the number belonging to the head of household and someone else replied and said the number no longer belonged to him - the head of household answered the call and (reported/found) that the phone number does not belong to the wanted head of household provided that the new national address is added		
28	The respondent does not belong to the target house (The respondent changed his/ her address)	The head of household answered the call and (reported/found) that he is not currently living in the same target dwelling (i.e. the address listed in the data collection system)		
E_03	Name of respondent individual:	01	mandatory
